15. From the Chairman, High Power Committee, Hyderabad,
Lr.Rc.No.219/HPC/2010, dt.30-11-2010.

ORDER:

In the G.O. first read above, Essentiality Certificate was issued to Chandamama Association Against Mental and Physical Handicap (CAMP), Guntur for establishment of Chandamama College of Nursing, Guntur to run B.Sc. (Nursing) course with an intake of fifty (50) students with clinical attachment with their own hospital ie., Chandamama Institute of Pediatrics & Super Specialities Hospital, Guntur.

2. In the letter 2nd read above, the Registrar, Dr. NTR University of Health Sciences has reported following deficiencies / comments made by the inspection committee of Dr. NTR University of Health Sciences who inspected college on 22-9-2008 for grant of continuation of provisional affiliation for 3rd year B.Sc. (Nursing) Degree Course for the year 2008-09.

DEFICIENCIES:

- Infrastructure – college running in Reddy College Campus without clear cut built up area or a separate building for Nursing College.
- Teaching faculty – Only three teachers with M.Sc. (Nursing) qualification were physically present. They had less than 3 years experience. So the management was advised to employ experienced teachers by recruitment.

3. In the letter 3rd read above, the Registrar of Dr. NTR University of Health Sciences has again directed the management to submit permission from the Government of Andhra Pradesh for changing the Management from “Chandamama Association Against Mental and Physical Handicap (CAMP), Guntur” to “Kondaveedu Educational Society, Mallareddy Nagar, Guntur” and for changing college premises to another place and the college was informed that if the college failed to submit necessary details, action deems fit will be taken, including disaffiliation.

4. Government referred the entire matter to Chairman, High Power Committee and after obtaining his remarks vide letter 4th read above, a show cause notice was issued to the Secretary, Chandamama Association Against mental and Physical Handicap (CAMP), vide G.O. 5th read above, as to why action should not be initiated against the Association for

shifting the premises from D.No.13-8-147, 8th lane, G.V.Thota, Guntur to Mallareddy Nagar, (Reddy College campus), Guntur and for changing Chandamama Association Against Mental and Physical Handicap (CAMP) Society to Kondaveedu Educational Society, Mallareddy Nagar, Guntur without prior permission of the Government and without knowing as to whether the required infrastructure was available in the new premises. Even after 50 days after issue of show cause notice, no reply was received from the management of Chandamama Association Against mental and Physical Handicap (CAMP), Guntur. It was ,therefore, construed that they had no reply or explanation to offer in this matter. Accordingly, the permission granted to Chandamama Association Against Mental and Physical Handicap (CAMP) in G.O. Six read above was cancelled with instructions to the Secretary, Indian Nursing Council and Registrar of Dr.NTR University of Health Sciences to necessary action to stop admissions from the academic year 2009-2010.

5. Having aggrieved with the orders dated 8-9-2009, the Secretary, Chandamama Association Against Mental and Physical Handicap (CAMP), Guntur filed W.P.No.19824 of 2009 and prayed the Hon'ble A.P.High Court to direct the Registrar, Dr.NTR University of Health Sciences to appoint re-inspection committee to revisit the deficiencies pointed out, pending final disposal of the Writ Petition and pass such other order or orders as Hon'ble Court may deem fit and proper in the circumstances of the case.

6. Hon'ble APHC in the orders 7th read above in W.P.No.19824 of 2009 has made the following order:-

Now, that the petitioner is served with a copy of the show cause notice in G.O.Rt.No.641, HM&FW (K2) Dept., dt.20-5-2009, it is directed that the petitioner shall be entitled to submit its explanation within fifteen days from today. The 1st respondent shall pass fresh orders, duly taking into account the explanation, that may be submitted by the petitioner.

7. In the light of orders dt: 28-10-2009 in W.P.No. 19824 of 2009, a show cause notice was duly served upon the applicant, and the applicant submitted his explanation vide reference 8th cited which was forwarded to Chairman, High Power Committee and Registrar, Dr.NTR University of Health Sciences vide letter dated 18-11-2009 for cross verification and report to Government as to whether the deficiencies were actually complied with.

8. In the letter 9th read above, the Chairman, High Power Committee reported that in the application form submitted for establishment of College of Nursing, the applicant mentioned the name and address of the Society as Chandamama Association Against Mental and Physical Handicap (CAMP), Gunturivari Thota, Guntur. In the said application, name and address of the institution was mentioned as Chandamama College of Nursing at D.No.13-8-147, 8th Lane, Gunturivarithota, Guntur. In the G.O.1st read above, under which the applicant was accorded permission to start the college, the name of the society and the place of the applicant institution was given as follows:

1.Name of the Educational Society and address whose name institution is sanctioned.	Chandamama Association Against Mental and Physical Handicap, Guntur, Guntur District
2. Name of the College of Nursing and its address	Chandamama College of Nursing, Guntur, Guntur District

9. In his explanation relating to shifting of the institution, the applicant stated "I respectfully submit that shifting of the premises of the college is concerned, the premises was shifted to Mallareddy Nagar in the year 2006 itself and the college has been running at the said premises since inception.....The Chandamama society already submitted an application dt: 9-10-2008 to the Government explaining all these circumstances and requested to change the address of the college in their records. The said application is still pending consideration before the Government. In the said circumstances, no action can be taken against the college on the ground that the Chandamama Society has not obtained permission for shifting of the college premises".

10. The Chairman, High Power Committee has reported that having carefully examined the explanation of the Society, it was found that there was no merit in the contention of the

applicant. The applicant had given the address of the college in the application as follows: “D.No.13-8-147, 8th lane, G.V.Thota, Guntur”. Admittedly, the institution was not being run at the said place and it was being run at Mallareddy Nagar (Reddy College Campus), Guntur. The applicant had not obtained permission from the Government for the shifting the institution, which was admitted by the applicant..

11. The applicant had shifted the institution prior to 9-10-2008 to the present premises from the premises shown in the application. The applicant has to seek prior permission for shifting to new premises, to ensure that it has all the infrastructure required for running College of Nursing. This is a case where even according to the applicant, the applicant was running the college in question in different premises from the one specified in the approved document. Letter dated 26-10-2006 of the INC shows that the applicant institution was located at D.No.13-8-147, 8th lane, G.V.Thota, near RTC Bus Stand, Guntur. The same address was given in the application by the applicant. The said letter clearly shows that the INC had inspected the institution located at D.No.13-8-147, 8th lane, G.V.Thota, Guntur and accorded permission for starting of B.Sc. Nursing Programme. So, the contention of the applicant that INC has inspected the institution in question at the new premises is incorrect in the light of the letter dated 28-10-2006 of the INC. Of course, subsequently the letters from INC shows that there was shifting, which the applicant has admitted. The applicant has shifted the premises from D.No.13-8-147, 8th lane, G.V.Thota, Guntur to Mallareddy Nagar (Reddy College Campus), Guntur, without prior permission of the Government. Coming to the name of the society, as already mentioned in the application the name of the society is Chandamama Association Against Mental & Physical Handicap, Guntur. In the letter dt: 7-1-2008 addressed by the applicant society to the NTR UHS, it was specifically mentioned as follows:

“ Sub:handing over administration management to Kondaveedu Educational Socieity – intimation – reg”.

This clearly shows that the applicant has handed over management of administration to one Kondaveedu Educational Society and the applicant is not running the institution presently.

The name of the Society as could be seen from the G.O.Ms.No. 307 is as follows:

“Chandamama Association Against Mental & Physical Handicap, Guntur, Guntur Dist”.

12. In the letter dt: 7-1-2008, adverting to change of name of the society it was specifically mentioned as follows:

“..... we have given compliance report and handed over administration of college including information of college address for correspondence by Universtiy and has been running by the new administration of Kondaveedu Educational Society, Reddy College Campus, Malla Reddy Nagar, Guntur -4”.

“..... In view of the welfare of students the college administration was handed over on NOVEMBER 15th 2007 to Reddy College and the same was informed to you many times. Here after we request you to correspond with the new address at Reddy College Campus and further request you to comply for the observations of investigating agencies of Guntur District”.

13. In the letter 10th read above, the Registrar, Dr.NTR University of Health Sciences has reported that students of Chandamama College of Nursing, Guntur submitted representations dated 11-10-2007 and 29-10-2007 with certain allegations against the management of Chandamma College of Nursing, Guntur regarding the physical facilities, clinical facilities faculty and harassment of the management against the students of backward communities.’ In response to the representations of the students, an Enquiry Committee was appointed vide his office proceedings dated 31-10-2007 to conduct enquiry into the complaints received and to verify the physical and clinical facilities, faculty, hostel facilities etc., at Chandamama college of Nursing, Guntur. Enquiry Committee have inspected the said college on 1-11-2007. In the said inspection reports, the Enquiry Committee have pointed out deficiencies regarding Library, College building and infrastructure, labs, hostel facilities hospital facilities, faculty etc. In view of the deficiencies pointed out by the enquiry committee, notice was issued to the Principal, Chandamama

College of Nursing, Guntur and directed to submit remarks on the deficiencies and to explain why the institution shall not be disaffiliated.

14. The Registrar, Dr.NTR University of Health Sciences has also reported that the District Collector, Guntur has also directed the District Medical and Health Officer, Guntur and Revenue Divisional Officer, Guntur to conduct enquiry on the representations submitted by the students and various organizations and submitted his report vide letter 18-12-2007, wherein, it is stated that the management of Chandamama College of Nursing, Guntur has failed to provide facilities / amenities to the Nursing students as prescribed by Dr.NTR University of Health Sciences and recommended for cancellation of permission to the Nursing College being run by Chandamama College of Nursing, Guntur.

15. The Registrar, Dr.NTR University of Health Sciences has further reported that the Principal, Chandamama College of Nursing, Guntur vide letter dated 13-11-2007 while giving reply to the notice issued by the University, has stated that the original college building is located at Mallareddy Nagar, Guntur. Further, the Secretary and Correspondent, Chandamama Association Against Mental and Physical Handicap (CAMP)Guntur vide his letter dated 7-1-2008 has informed that they have handed over the administration of the college including information of college address for correspondence by the University and has been running by the new administration of Kondaveedu Educational Society, Reddy College campus, Mallareddy Nagar, Guntur. In the said letter, he has also informed that in view of the welfare of the students, the college administration was handed over on 15-11-2007 to Reddy college and requested to correspond with new address at Reddy College campus. Whereas, the inspection committee which visited Chandamama College of Nursing, Guntur on 22-9-2008 for grant of provisional affiliation for starting 3rd year B.Sc. (N) course for the academic year 2008-09 have stated the address of the society as Kondaveedu Educational Society, Mallareddy Nagar, Guntur instead of Chandamama Association Against Mental and Physical Handicap (CAMP)Guntur which was actually permitted by the Government vide G.O.1st read above. Hence, the management of the college was directed to obtain permission from the Government for change of the society and for change of the college address from one place to another vide his office letters dated 7-1-2008 and so on. As they have failed to obtain permission from the Government, provisional affiliations were not granted for the years 2008-09 and 2009-10.

16. The Registrar, Dr.NTR University of Health Sciences in the letter 11th read above, has reported that Dr. M.V.Ramanamma, Director of Education (Academic) was appointed as Enquiry Officer to conduct enquiry on allowing 1st year B.Sc. (N) students of Chandamama College of Nursing, Guntur for the examinations without affiliation and admissions. The said Enquiry Officer has conducted enquiry at Chandamama College of Nursing, Guntur on 15-3-2010 and stated that she visited Chandamama College of Nursing on 15-3-2010, the Secretary/Correspondent, Dr. M.Venkatappa Reddy was not available. She informed him on phone about her visit to the college. Dr. M.V.Ramanamma, Director of Education (Academic) in her enquiry report made the following observations:-

- There is no college building existing. She was shown the premises of Gorla Hanimi Reddy and Mettu Chinna Malla Reddy Degree College, where the management claims to be conducting theory classes for B.Sc. Nursing students.
- At the time of her visit around 12.00 noon, neither B.Sc. Nursing students nor teaching staff were available. She was informed by Mrs. Dr.M.Venkatappa Reddy that the students boycotted the classes since 2nd March, 2010. She verified the attendance registers and found that all the students of 2nd and 3rd year B.Sc. Nursing were marked absent from 2nd March 2010.
- In spite of her repeated enquiries, she was not shown the nursing hostel.
- She was informed that the students have clinical attachment to Guntur Medical College, Guntur. But no documentary proof was submitted.
- The college management is aware that provisional affiliation to Dr. Dr.NTR University of Health Sciences was not granted for the year 2008-09 and because of this reason, students under “A” category were not allotted to the College by Dr.NTR University of Health Sciences for the year 2008-09.

- Even under these circumstances, the college admitted 29 candidates under 'B' category.
- After the UHS notification No.E7/B.Sc.(N)/1143/09, dt.20-7-2009, the college has sent its nominal role of 'B' category seats to the Dr.NTR University of Health Sciences while fully aware that their candidates cannot obtain admission. The College administration has produced a copy of letter signed by the Principal I/C addressed to the Controller of Examinations, Dr.NTR University of Health Sciences, Vijayawada mentioning that the college has not received the approved list of students and requested the University to receive the "student ICR forms and examination fee with due to approval list". There is no date on the letter. The management could show proof of its delivery in the University. By doing so, the college management has suppressed the facts and violated the rules and regulations of the University.
- The Vice-Principal of the College Smt. L.Ranganayaki who reportedly handed over the ICR forms in person to the examination section of the University was contacted over phone by the undersigned. She is ignorant of the name and designation of the official to whom she handed over the forms. According to her, she did not obtain the concerned receipt from the Dr.NTR University of Health Sciences as "she did not know the procedures".
- As per G.O.Rt.No.641, dt.20-5-2009 of the Government of A.P. the permission accorded to the Secretary, Chandamama Association against Mental and Physical Handicap to run the B.Sc. Nursing College is cancelled and Dr.NTR University of Health Sciences was directed to stop the admissions for the academic year 2009-2010.
- In view of all the above serious lapses, for which the College cannot deny responsibility, suitable action may be initiated against the said college keeping in view of the future of two batches of registered and one batch of unregistered students whose right for quality education and career are at stake.

17. In the light of the deficiencies pointed by the Enquiry Officer, in the letter 12th read above, the Secretary and Correspondent, CAMP, Guntur was communicated the deficiencies as pointed out by the Director of Medical Education (Academic) and was requested to rectify the deficiencies/lapses within a period of three months and directed to comply and furnish compliance report within 3 months, so as to undertake an inspection by the NTR UHS, before a final decision is taken in the matter.

18. In the representation 13th read above, the Secretary and Correspondent, CAMP, Guntur has submitted that the following rectifications and corrections have been made in respect of the deficiencies/lapses pointed out by the Enquiry Officer, Director of Medical Education (Academic) and by the inspection team of Dr.NTR University of Health Sciences, Vijayawada.

1. Chandamama College of Nursing, Guntur is run in a separate building demarcated for College of Nursing in the premises of GHR & MCMR Degree College, Guntur. Lease document to the effect is produced for verification.
2. B.Sc. (N) residential students are accommodated in separate hostels for girls and boys, sufficient enough to accommodate all the students.
3. Chandamama College of Nursing is having clinical attachment to Guntur Medical College, Guntur, Govt. General Hospital, Guntur from the start of the College and also is in force to date.
4. Chandamama College of Nursing, Guntur got inspected by Dr.NTR University of Health Sciences, Vijayawada for granting affiliation for the year 2008-2009. The college submitted the compliance report for the deficiencies noted, paid the re-inspection fee and affiliation fee to the university. In anticipation of getting affiliation from the University, B Category seats were admitted by the College.
5. There is no intention of misleading the university and was done in the interest of students only. This happened when the management was away from town on a medical emergency. However, a disciplinary action was taken on the in-charge Principal and Administrative Officer of the College.

6. He has requested to continue and regularize the batches of 2008-2009 and 2009-2010, since they are from socio-economically backward sections of the society and an academic period of 2 years for 2008-2009 batch and one year for 2009-2010 batch is completed already.
19. He has also submitted the following compliance report on the deficiencies pointed out by the inspection team of Dr.NTR University of Health Sciences.
 1. Chandamama College of Nursing, Guntur is running in a separate building demarcated for College of Nursing in the premises of GHR & MCMR Degree College, Guntur. Lease document to this effect is produced for verification. However, they are going to construct a separate building for Nursing College with all required facilities as per the norms of INC and Dr.NTR University of Health Sciences. Copies of the documents and proposed building plans are enclosed herewith.
 2. Faculty are appointed in required number and experience as per the norms of INC Appointment orders with necessary academic certificates are produced for verification.
20. The Secretary and Correspondent, CAMP, Guntur has requested the Government to consider the compliance and keeping in view the future of students, requested to arrange to schedule an inspection by Dr.NTR University of Health Sciences for granting affiliate the academic year 2010-11.
21. In the letter 14th read above, a copy of the explanation submitted by the Secretary and Correspondent, CAMP, Guntur was forwarded to the Chairman, High Power Committee with a request to cross verify and report as to whether all the deficiencies pointed out by the enquiry conducted by the Director of Medical Education (Academic) and the inspection team appointed by Dr.NTR University of Health Sciences as communicated vide letter 12th read above are rectified on the ground, for taking further action in the matter.
22. The Chairman, High Power Committee in the letter 15th read above, has reported that Chandamama Association for Mentally and Physically Handicapped (CAMP) has applied for establishment of College of Nursing at Door No.13-8-147, 8th Lane, Gunturwarithota, Guntur, as against a notification issued on 19-11-2005 by the High Power Committee. Basing on the inspection report given by the District Level Team, permission was accorded to the applicant to start Nursing College at Door No.13-8-147, 8th Lane Gunturwarithota, Guntur, having issued G.O.Ms.No.307, Health, Medical and Family Welfare (K2) Department, dated 1-8-2006. Much water has flown under the bridge ever since permission was accorded to the applicant for establishment of College of Nursing. Time and again representations were made to the Government stating that the applicant institution was not complying with the rules and regulations of the Government in running the Nursing College in question. The applicant institution was inspected separately by the officers of Dr.N.T.R. University of Health Sciences to which the applicant institution was affiliated and also by the officers of the Director of Medical Education (Academic) and certain lapses were found by both the authorities in the running of the College. In the letter 12th read above, it is stated that keeping in view the future of the students already admitted in the College, the Government have decided to give a last opportunity to the applicant institution to rectify the deficiencies/lapses pointed out by both the University authorities as well as the officers of Director of Medical Education (Academic), within a period of three months and furnish compliance report so as to undertake an inspection by the Dr.N.T.R. University of Health Sciences before a final decision is taken in the matter. Since as per the letter dated 21-9-2010 received from the Secretary, CAMP, Guntur, the applicant has submitted that he has complied with all the deficiencies, the Government as per letter dated 23-11-2010 have pleased to inform the High Power Committee to cross verify and report as to whether all the deficiencies pointed out by the enquiry conducted by the Director, Medical Education (Academic) and the Inspection Team appointed by Dr.N.T.R. University of Health Sciences are rectified on the ground for taking further action in the matter. Thus, the relevant papers are forwarded to verify as to whether the deficiencies pointed out by the officers of Dr.N.T.R. University of Health Sciences and officers of Director of Medical Education (Academic) were complied with by the applicant.

(1)COLLEGE BUILDING : THERE IS NO COLLEGE BUILDING EXISTING. THE PREMISES OF GORLA HANMI REDDY AND METTU CHINNA MALLA REDDY DEGREE COLLEGE ARE BEING USED FOR RUNNING THE COLLEGE.

Adverting to the above allegations, what the applicant is saying is as follows : “Chandamama College of Nursing is being run in a separate building in the premises of Gorla Hanmi Reddy and Mettu Chinna Malla Reddy Degree College, Guntur. Lease document to this effect is produced for verification.”

Admittedly, the college is being run in the premises of of Gorla Hanmi Reddy and Mettu Chinna Malla Reddy Degree College, Guntur and not in the premises belonging to the applicant as mentioned in the G.O., under which the applicant was permitted to start the College. In the application submitted to the Government, the applicant has stated that he was having ready building area to start B.Sc., Nursing College, while presently the institution is running in the premises of Gorla Hanmi Reddy and Mettu Chinna Malla Reddy Degree College, Guntur. Thus this is a clear case where the applicant is not having own premises to run the college as mentioned in Statutes of Dr.NTR University of Health Sciences (vide 8(f) of Statutes of Dr.NTR University of Health Sciences).

(2)HOSPITAL FACILITY : The applicant was accorded permission to start B.Sc., Nursing College under notification issued in 2005 where under the applicant should have own 200 bedded hospital facility. In the application also, the applicant has stated that he was having 200 bedded hospital facility and documentary proof was also enclosed to the project report submitted to the Government. In the said project report also, it was mentioned that the applicant was having 200 bedded own hospital facility. Admittedly, the applicant is not having 200 bedded own hospital facility. On this aspect there is no dispute. The applicant is now seeking clinical affiliation to Guntur Medical College, Guntur and no documentary proof is adduced to show that the authorities of Guntur Medical College have accorded permission to provide clinical affiliation. It should be noted that even if there is any documentary evidence regarding clinical affiliation, the same is not valid since the notification in question is specific in showing that the applicant should have own hospital facility. Thus, this is a case where the applicant is not having 200 bedded own hospital facility.

(3) UNAUTHORISED ADMISSION OF ‘B’ CATEGORY STUDENTS DURING 2008-2009 ; Dr.NTR University of Health Sciences has not granted affiliation to the applicant institution for the year 2008-2009 and for this reason the University authorities have not allotted students under ‘A’ category during the year 2008-2009 to the applicant institution. In spite of these facts, the applicant has admitted as many as 29 candidates under ‘B’ category during the year 2008-2009.

“Answering this query, the applicant says as follows : In anticipation of getting affiliation from the University, ‘B’ category seats were admitted by the college”. When affiliation was not accorded during 2008-2009 and when ‘A’ category students were not allotted by the University authorities the applicant high handedly admitted 29 students in the ‘B’ category. These 29 students so far could not appear for the examination and thus their future is in jeopardy.

(4) INSUFFICIENT TEACHING FACULTY : At the time of enquiry, only three teachers with M.Sc., (Nursing) qualification with less than three years standing were present. For a College of Nursing, the Principal should have ten years of standing with five years teaching experience. Similarly, the Vice-Principal should have ten years standing with minimum five years of teaching experience. Reader and Associate Professors should have seven years of standing with three years of teaching experience. Thus, out of the three teaching faculty present, none of them can be appointed as Principal or Vice-Principal or Reader or Associate Professors.

23. The Chairman, High Power Committee has also reported that a careful examination of the entire material, it is found that the College is not running in the own premises as required by Dr.NTR Unilversity of Health Sciences and is being run in the premises of Gorla Hanmi Reddy and Mettu Chinna Malla Reddy Degree College, Guntur. Secondly, the applicant having stated that it was having own hospital facility, is not having own hospital facility at all and thirdly, the applicant is not having teaching faculty. Thus, it is a case where the applicant has totally failed to comply with the norms prescribed for

establishment of Nursing College and has failed to comply with the deficiencies pointed out by the authorities of Dr. NTR University of Health Sciences and authorities of Director of Medical Education (Academic). The Chairman, High Power Committee has requested the Government to take appropriate action in the matter against the applicant.

24. Government after careful examination of the matter, and having taken into consideration the reports of Registrar, Dr. NTR University of Health Sciences and Chairman, High Power Committee, Hyderabad, concluded that the management of Chandamama Association Against Mental and Physical Handicap (CAMP) has violated the provisions stipulated in its permission orders in the GO 1st read above, and accordingly hereby order to cancel the permission accorded to the Secretary, Chandamama Association Against Mental and Physical Handicap (CAMP). The Secretary, Indian Nursing Council and Registrar, Dr.NTR University of Health Sciences shall take necessary action to stop the admissions from the academic year 2011-2012.

25. The Registrar, Dr.NTR University of Health Sciences shall take necessary further action in the matter. The students, if any, currently studying in this Nursing College, shall be admitted in Government Nursing College.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRDESH)
